DURALAST® Detectable Warning Plates

DURALAST® Detectable Warnings

Durable, Reliable, Proven!

DURALAST Cast Iron Detectable Warnings

DURALAST® Detectable Warning Plates help warn the blind or visually impaired of the approaching street. Engineered to outlast the sidewalk, this long-lasting cast iron product withstands rigorous urban conditions, such as snow plows, street cleaning machines, and vehicular traffic. Lower your maintenance and product life cycle costs by using DURALAST Detectable Warnings—your ADA compliant and environmentally friendly solution.

Resistant to the elements

Cast iron's inherent resistance to the elements, snow plows, and snow melting chemicals make it a natural fit for severe climates.

- Long-wearing cast iron
- Impervious to vehicular and snow plow traffic
- Corrosion resistant
- Permanently embedded into concrete
- 10 year limited warranty

Product Data, Finish Options

Product Testing

Maintenance free cast iron detectable warnings are designed to fully comply with the American Disabilities Act Accessibility Guidelines (ADAAG). Contact your local sales representative for other independent laboratory tests and research studies.

Test Results		
Physical Properties	Results	Specification
Slip Resistance	1.10 Dry / 1.06 Wet	ASTM C-1028
Wear Resistance (Abrasion)	7333	ASTM C-501-84
Impact Resistance	>238 Newtons	ASTM D-1709
Adhesion to Concrete (Bond Strength)	>5000 lbs	ASTM D-482
Tensile Strength	35,000 PSI	ASTM A-48
Design Compliance	Fully Compliant	ADAAG

Product Durability—Wear Resistance

Independent lab test* demonstrates DURALAST® Detectable Warning Plates durability. Per ASTM C501-84 standards, an independent third party laboratory test was conducted to determine the wear index values of DURALAST® Detectable Warning Plates versus a competing composite surface. Test results indicate that DURALAST plates are over 500 times more wear resistant than composites. Additional impact testing on DURALAST cast iron plates proves they are more resilient to the demanding installation environments of these products.

Over **500** times more durable than composite!

RADIAL SIZES

Radial Sizes	
Radius	Product Number
10'	00700611
15'	00700615
17 1/2'	00700617
20'	00700621
25'	00700625
30'	00700631
35'	00700635

Radial plates are designed to fit your unique curb line.

Installation Instructions

Optional: Hand-tighten plates together with stainless steel bolts. This helps ensure proper installation and compliance.

Step 1: Set cast iron Detectable Warning Plate into wet concrete in accordance with ADAAG (American Disabilities Act and Accessibility Guidelines).

Step 2: Tamp plate thoroughly with rubber mallet until concrete seeps through vent holes.

Step 3: Clean off excess concrete from the plate and finish concrete around the plate.

Product Features

DURALAST®

Durable, Reliable, Proven!

*"Set it and forget it... **These things are bulletproof.** I have yet to find a more durable detectable warning system, and when it comes down to it their durability makes them the **most cost effective choice on the market.**"*

— Brian Doyal, Carson City, NV Public Works

ADA Compliant

- Natural finish meets color contrast requirements
- Slip resistant textured surface – Greater than 0.8 coefficient of friction
- DOT approved (contact your local sales representative for specification approvals)
- Bolting ensures compliance during installation

Durable and Cost Effective

- Over 500 times more durable than composite
- Engineered to outlast the sidewalk — long-lasting and corrosion resistant
- Easy to install
- Maintenance free
- 10 year limited warranty

Made in the USA from Recycled Materials

- Eligible to earn LEED® points in the Materials and Resources category
- Meets ARRA (American Recovery and Reinvestment Act) domestic requirements
- Cast iron is an environmentally responsible product that is completely recyclable after its useful life
